toads hobbies should change because he can do what he want

the new fad could be cool or much diffrint to the others

toads hobbies should bedifferent because he is young and can do what ever he wants to do because he is rich

I think toads fads are silly because they don't listen to them.

rat dose not like moles hobs because mole spends money on stuff and bracks it

I think the new fad is going to be interesting and quite different to the other ones

"I wonder what new fad he has taken up now?" Rat P 21
Why were Toads Fads a problem?
What did Rat think of them.

Toad's hobbies are

toads fads are silly cause he takes rats stuff and did not want to go with mole and mole screamed and got silly.

I think the new fad is going to be so cool

unfortunatley the toad saw him

I think rat doesn't like him because he is a bad person and he has lots of money and flex's all of his money on lots of things too.

Rat does not like Toad's hobbies because he breaks expensive stuff and spend a lot of money.

rat probably doesn't like toads hobbies cause of the amount of money he spends

The Wind in the Willows

Chapter 2: The Open Road

If you could give toad one piece of advise for the rest of the story what would it be?

I think you would need to change into a better person that does not want to bye new thing that he all ready has so he can be better then before.

Stop wasting money on things that you don't really use but you think it looks cool on the inside or outside of your house

Toad should be nice to his friends and by him stuff

For toad the advise would be nice to rat and mole and share money and stop wasting his money on things he does not need .

I think Toad should change into a better person.

the toad is the most richest in the whole book

Toad should start being a great friend even though he kind of is and start getting things for his friends because I think he is just spending money on himself

Toad should buy stuff for his friends or give it to other people in need. This is good advice for him. He should not say mean stuff to his friends.

If your going to buy something make sure you won't just leave it there after a few days or weeks.
